Dear Parents / Guardians,

Learning Checkpoints for Primary 1 and Primary 2 Students

Assessment plays an important role in the teaching and learning process. It allows teachers to check for students' understanding and provide timely feedback to enhance learning.

Teachers will conduct regular learning progress checks throughout the year to determine your child's / ward's development in various subjects. Subjects include English Language, Mathematics, Mother Tongue Languages, Physical Education, Art, Music and Social Studies. These progress checks are designed to identify areas of strength as well as areas that may require additional support. By checking your child's / ward's learning progress in these subjects, our teachers can provide targeted guidance and support to ensure their growth and learning success.

The school will utilise subject-specific learning outcomes and qualitative descriptors to report students' learning progress for all subjects through the Holistic Development Profile (HDP). The HDP will be shared with parents / guardians at the end of each semester.

Should you have queries, please do not hesitate to contact your child's / ward's Form Teacher.

We look forward to your continued support and partnership in the holistic development of your child / ward.

Yours sincerely,
Lim-Chew Siang Jiun (Mrs)
Principal
