17 February 2023

Dear Parent/Guardian,

**STEM workshop by Glyph in collaboration with Rolls Royce STEM Kit
for Selected Students**

Your child, _____ from _____ has been identified by the school to participate in this STEM workshop organised by Glyph, a social enterprise championing holistic education, in collaboration with Rolls Royce STEM Kit. The workshop is Glyph community outreach efforts to all schools. They have limited slots and we managed to secure a slot for our children. The session will be held in Meridian Primary School during the March holiday.

The children will explore the use of circuit systems and examine how electricity flows in such systems. Through explorations, challenges they meet and ways they work towards solving problems, the children will learn to search for answers in a safe environment.

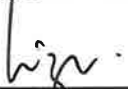

Important information to note:

1.	Day and Date:	Friday, 17 March 2023 March Holiday
2.	Time	10am – 12 pm
3.	Assembly point	Fish pond area
4.	Dismissal	Blue Gate
5.	Attire	PE attire
6.	Things to bring	Stationery and water bottle

We believe the workshop will enthuse your child in science and help your child to understand how science is very much in play in our day to day activities.

Mrs Stefane Lee will be the teacher working with Glyph facilitators on that day. If you have any queries, you may contact her via email. Her email address is tan_hugue_hwan_stefane@moe.edu.sg

Yours sincerely,

Principal
