**Updates to Project Boost- After School Programme for P4 Students**

Dear Parents / Guardians,

We appreciate your understanding that there are updates to the dates for Term 3 Project Boost sessions. Project Boost is an after-school programme to help students gain greater self-awareness, better emotional regulation and social skills through working with their peers.

For these sessions, we have engaged professional music instructors to engage our students through percussion. Students will learn to express themselves, interact and work as a team through playing of percussion instruments. Their teachers will also be facilitating reflection sessions for them. At the end of the programme, the students will be given an opportunity to put up a performance for their teachers.

We hope that you will support your child and the school throughout the programme by ensuring attendance and also affirming your child's efforts in participation.

The details are as follows:

No	Dates	Day	Time	Venue	Things to Bring
